**Broad administrative, organisational and coaching experience of Club, District and Representative grades within East Region and Edinburgh District**

---

Keenly involved in rugby since 1963 (Portobello HS), joining the FP Club in 1969, I am committed, firstly, to Community rugby through youth and adults and generally to encourage all to optimum achievement (club or representative level).

Many years experience representing clubs; managing competition groups through youth, universities and senior club rugby and organising fixtures and league tables, communicating regularly updated information to participating clubs.

My reason to seek election is to do my best to help Edinburgh's Regional League Clubs, individually and as a group, with interaction to face the challenges that await in Scottish Rugby's near future.

Current employment – "retired" (previously Pensions Administrator with Scottish Widows (2007 to 2017) and Director (Purchasing and Operations) of Wines and Spirits businesses (1984 to 2005).
